

Southern Cross Stainless Steel

AUTOPSY TABLE & WORK-BENCH

MODEL NO: SPAT-T4

TYPE T4

Freestanding table and workbench supported by service pedestals. Generally fabricated from gauge 1.2mm type 304 satin finish stainless steel. Supported with plywood backing to table and workbench tops.

The underside sealed with 1.2mm stainless steel sheet and all non—removable panel joints are sealed.

DIMENSIONS:

Overall

Table 2300mm long x 800mm wide

Bench 1800mm long x 800mm wide

NOTE:

- The length and width of the table and workbench can be varied according to individual needs.
- Please nominate right or left hand workbench.
- The overall height including the formed plinth is normally 800mm high from the finished floor level. This can be varied.
- We recommend the use of our S.C.S.S. type B shallow sump, flushing floor waste—model STFS as the floor outlet for the autopsy table.
- Taps, valves & fittings can be supplied if requested.
- Refer to sheet no. SC41 for details
