

“SANILAV” FOLD – AWAY COMBINATION TOILET

MODEL NO: SPSV
PRODUCT CODE: SAN01

940mm high x 615mm wide x 410mm deep x 1.2mm type 304 satin finish stainless steel fold –away W.C. and washing facility module, complete with ‘P’ or ‘S’ trap soil outlet, mixer top and semi recessed toilet roll holder.

The sanilav combination toilet and washing facility is suitable for in ward situations particularly in coronary and intensive care units, and is most useful in geriatric care nursing homes. Installed alongside each bed, the hygienic “Sanilav” allows patients the convenience of attending to their own personal needs without help.

The drop down pan operates as a conventional toilet with an integral flushing rim which flushes clean each time the flushing mechanism is activated, discharging directly into the main sewer line.

The Sanilav unit incorporated a conveniently situated wash basin for patient use and a level operated, thermostatically controller mixer valve is included.

Your specification will give GREATER PATIENT CARE & CONVENIENCE

Unit available handed – right hand or left hand basin.
